Work

Independent AI product builder

Jun 2026 – present

- Built Claude Interviews, a conversational AI interviewer – you send an AI to talk to a person instead of sending a survey. Live demo: gonzaloenei.com/claude-interviews-demo
- Built Garden of Eve, a visual map of an AI agent's configuration – its instructions, tools, skills, and subagents. gonzaloenei.com/garden-of-eve
- Shipped an 🍏 iOS app for planning and managing social media posts (React Native, shipped to TestFlight).

Co-Founder & CEO

🌈 Faces · Full-time

Jan 2023 – May 2026 · 3 yrs 5 mos

- Co-founded and led Faces, presentations where every slide is AI-generated and as dynamic as the web. Launched Feb 2026; close to 100k signups.
- Shipped several experimental LLM products: a prototyping canvas, autonomous workers, an AI-native workspace, and a Chrome extension that generated new interfaces on top of web pages.
- Hi Ventures and Bessemer are backers. My co-founders run it today.

Head of Growth & VP of Product

🇧🇷 Fintual · Full-time

Mar 2019 – Jan 2023 · 3 yrs 11 mos

- Employee No.11 at Fintual, which makes investing easy for people in LatAm. We grew from \$10M to \$650M in assets under management in four years. By the end I was leading a team of 80+.
- Growth: content, product-led referral loops, lifecycle email (all of our outbound communication), and community events.
- Product: organized the core offering, structuring multiple financial products into one coherent suite.
- Sequoia-backed. Fintual's founders later invested in Faces.

Co-founder & CEO

🇪🇸 El Vaso Medio Lleno

Jun 2014 – Mar 2017 · 2 yrs 10 mos

- Digital media startup focused on positive content; 23M monthly content views cross-platform.
